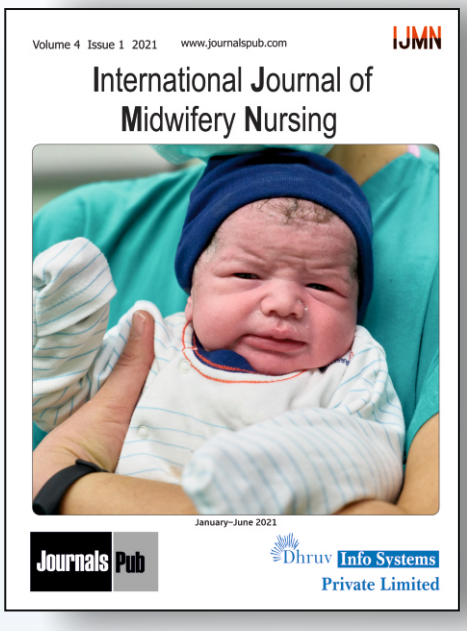
International Journal of Midwifery Nursing

NURSING



International Journal of Midwifery Nursing (IJMN) deals with pregnancy, childbirth, and the postpartum period (including care of the newborn), besides sexual and reproductive health of women throughout their lives. It focused on the care of individuals, families and communities so they may attain, maintain, or recover optimal health and quality of life. The midwifery journal includes a wide range of fields in its discipline to create a platform for the authors to make their contribution toward the journal.
